

RICARDO
ALMEIDA
Student

ABOUT ME

I have developed valuable skills in leadership, responsibility and calmness through my passions for football and piano. As I pursue my degree, I am also strengthening other important soft skills such as organization, time and project management.

Looking ahead, I am eager to apply my academic knowledge and soft skills in a professional setting.

EXPERIENCE

KPMG Summer Internship | Forensic – Risk Consulting

Jun 2023 (1 month)

- I am part of a multidisciplinary team, using advanced techniques in auditing, consulting, data analysis, and investigation.
- I identify and investigate suspicious activities such as fraud, corruption, and financial crimes.

PwC Consulting Challenge 2023

- Enriching experience that taught me valuable lessons about teamwork, leadership, problem-solving, tackling complex business problems and providing innovative solutions
- Excellent opportunity to learn from and network with professionals in the industry
- My team made it to the Finals, placing 2nd out of 80 teams

NEIIST – Computer Science nucleus of Instituto Superior Técnico

Feb 2023 - present

- I coordinate all the activities that take place in the Alameda campus
- I'm also part of the Contact, Events Organization and Divulcation teams
- Responsible for strengthening the relation between students and companies, organizing events and initiatives and disclose them with everyone interested

Magma Studio Ambassador

Nov 2022 - present

- Responsible for connecting the campus community with the job market
- Helping my colleagues get to know more about our Talent Programs and Workshops
- Developing skills such as teamwork and problem solving

EDUCATION

MSc in Data Science and Engineering

Instituto Superior Técnico

Sep 2023 – Jul 2025

- I will develop advanced data analysis, machine and deep learning skills
- Try to strength the soft skills I have already acquired and to evolve new ones
- **I would like to go on Erasmus to do the first semester of the second year**

BSc in Computer Science and Engineering

Instituto Superior Técnico

Sep 2020 – Jul 2023

- I learned several programming languages, algorithms and systems architectures
- Also, I developed the ability to deal with stress scenarios, a bold mathematical reasoning and a critical mindset

High School – Science and Technology Area

Colégio Marista de Carcavelos

Sep 2017 – Jun 2020

- Participation in the Nova IMS Challenge Applica-te: a competition of ideas for students from 7th to 12th grade, which aims to stimulate the creative and entrepreneurial spirit of young people

ADDITIONAL INFO

Extra Curricular Activities

- Math and Descriptive Geometry Tutor at Scire Explicações – I'm helping mainly high school students achieving their academic goals and deepening their knowledge regarding this subjects
- Played piano for 7 years and football for 3 years. Currently I play futsal once a week

Some Volunteering

- Community Center of the Parish of Carcavelos - Participation in the campaign 'Christmas on Everyone's Table' for 3 years, whose objective was to deliver baskets to families and individuals in situations of vulnerability
- JMJ Lisboa 2023 – I performed a variety of tasks, like public assistance, logistical support and guidance. Also, I try to give my best effort to create a welcoming, safe, and memorable environment for all pilgrims.
